Nov. 6, 2018

Dear families,

Polk County Public Schools is in the process of testing all school sites for lead in the water supply. Initial testing showed that one fixture at Auburndale High School had elevated levels of lead. The affected fixture was not a student drinking fountain.

The fixture has been taken out of service, and repairs will be made. The fixture will not be put back into service until follow-up testing shows it no longer has elevated levels of lead.

If you have any questions or concerns, please call 863-534-0608.

Thank you,

Rory Luce, Manager
Maintenance Services
